Willamette Dental® Presented By Premera

January 1, 2024

INTRODUCTION

This benefit booklet is for members of The Premera Employee Health Plan dental plan. This plan is self-funded by Premera Blue Cross, which means that Premera Blue Cross is financially responsible for the payment of plan benefits. Although Premera Blue Cross is in the business of providing insured health coverage, this plan is not a plan of insurance. Premera Blue Cross is acting only as the claims administrator for the Plan Sponsor of the Premera Employee Health Plan. Premera Blue Cross, as plan sponsor has the final discretionary authority to determine eligibility for benefits and construe the terms used in this plan. In this booklet, Premera Blue Cross as plan sponsor is called "the Group." This booklet describes the benefits of your plan and replaces any other benefit booklet you may have received.

This booklet will help you get the most out of your benefits. Every section contains important information, but the ones below may be particularly useful:

- **Who Is Eligible For Coverage?** — eligibility requirements for this dental plan
- **What Do I Need To Know Before I Get Care?**— important information about the requirements of your dental coverage, including selecting a participating provider

- **Exclusions** — benefits that are limited and services not covered under this dental plan

- **Definitions** — terms that have specific meanings under this plan. Example: "You" and "your" refer to members under this plan. "We," "us" and "our" refer to Premera Blue Cross in Washington.

WHAT DO I NEED TO KNOW BEFORE I GET CARE?

This plan provides benefits for prescribed Covered Services listed as covered in the ***What Are My Benefits?*** section. Covered Services must be provided by the Participating Provider, except as specified otherwise. All Covered Services are expressly subject to the Copayments, exclusions, limitations, and all other provisions of the contract. You may freely contract at any time to obtain health care services outside of the contract or for services not covered under the contract on any terms or conditions acceptable to you and the health care provider.

ABOUT PARTICIPATING PROVIDERS

This plan utilizes Willamette Dental Group, P.C. network of providers.

You will receive your Covered Services under this plan from dental care providers at Willamette Dental Group, P.C. This is the network of providers for this plan. In this document Willamette Dental Group, P.C. are also known as “Participating Providers.” The dentists at Willamette Dental Group, P.C. practice proactive dental care. Proactive dental care at Willamette Dental Group, P.C. builds on two fundamental beliefs; that healthy teeth should last a lifetime and that proper care doesn't always mean invasive treatment. It's about practicing dentistry responsibly: with honesty, integrity and a dentist-patient partnership focused on promoting long-term health.

That's what sets Willamette Dental Group, P.C. apart. The Participating Providers use the latest scientific evidence with clinical experience to develop an individualized, evidence-based treatment plan specifically for you. By providing you with the treatment that directly leads to long-term health, Participating Providers will help you maintain or regain a healthy mouth for a lifetime of smiles.

Through this treatment plan, the Participating Providers are able to determine your risk level for gum disease and recommend an evidence-based approach to either improve or maintain a satisfactory state of oral health. For very healthy patients, that may require only yearly cleanings. For patients in need of treatment, Participating Providers focus on restoring your health as soon as possible with a proactive treatment plan that may require work done right away, followed by frequent cleanings and check-ins. Their first priority is to diagnose and treat any urgent conditions that pose an immediate threat to your oral health. Their next priority is prevention, which means controlling the disease process, promoting wellness, and helping you maintain good overall oral health.

- The Participating Provider refers you;
- The Covered Services are specifically authorized by the Participating Provider's referral; and
- The Covered Services are listed as covered in the ***What Are My Benefits?*** section and are not otherwise limited or excluded.

DENTAL EMERGENCY

Participating Providers will provide treatment for Dental Emergencies during office hours. This plan provides benefits for Covered Services provided by Participating Providers for treatment of a Dental Emergency. If the Participating Providers' offices are closed, you may access after-hours telephonic clinical assistance by calling the Participating Provider at 855-433-6825. There is no cost for accessing after-hours telephonic clinical assistance.

You may seek treatment for a Dental Emergency from a Non-Participating Provider if you are more than 50 miles from any Participating Provider office. You will be reimbursed up to the out of area emergency reimbursement amount less any Copayments specified in the ***What Are My Benefits?*** section for the cost of the Covered Services. You must submit a written request for reimbursement to the Participating Provider no later than 6 months after the date of service. The written request should include your signature, the attending Non-Participating Provider's signature, and the attending Non-Participating Provider's itemized statement. Additional information, including X-rays and other data, may be requested to process the request. WHAT IF I HAVE OTHER COVERAGE?

COORDINATING BENEFITS WITH OTHER DENTAL CARE PLANS

You also may be covered under one or more other group or individual plans, such as one sponsored by your spouse's employer. This plan includes a "coordination of benefits" feature to handle such situations.

All of the benefits of this plan are subject to coordination of benefits. However, note that benefits provided under this plan for allowable dental expenses will be coordinated separately from allowable medical expenses.

If you have other coverage besides this plan, we recommend that you send your claims to us and the other carriers at the same time. In that way, the proper coordinated benefits may be most quickly determined and paid.

Definitions Applicable To Coordination Of Benefits

To understand coordination of benefits, it's important to know the meanings of the following terms:

- **Allowable Medical Expense** means the usual, customary and reasonable charge for any medically necessary health care service or supply provided by a licensed medical professional when the service or supply is covered at least in part under this plan. When a plan provides benefits in the form of services or supplies rather than cash payments, the reasonable cash value of each service rendered or supply provided shall be considered an allowable expense.
- **Allowable Dental Expense** means the usual, customary and reasonable charge for any dentally necessary service or supply provided by a licensed dental professional when the service or supply is covered at least in part under this plan. When a plan provides benefits in the form of services or supplies rather than cash payments, the reasonable cash value of each service rendered or supply provided shall be considered an allowable expense.
- **Claim Determination Period** means a plan year.
- **Custodial Parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than half of the plan year, excluding any temporary visitation.
- **Medical Plan** means all of the following health care coverages, even if they don't have their own coordination provisions:
 - Group, individual or blanket disability insurance policies and health care service contractor and health maintenance organization group or individual agreements issued by insurers, health care service contractors, and health maintenance organizations
 - Labor-management trustee plans, labor organization plans, employer organization plans or employee benefit organization plans
 - Government programs that provide benefits for their own civilian employees or their dependents
 - Group coverage required or provided by any law, including Medicare. This doesn't include workers' compensation
 - Group student coverage that's sponsored by a school or other educational institution and includes medical benefits for illness or disease
- **Dental Plan** means all of the following dental care coverages, even if they don't have their own coordination provisions:
 - Group, individual or blanket disability insurance policies and health care service contractor and health maintenance organization group or individual agreements issued by insurers, health care service contractors, and health maintenance organizations
 - Labor-management trustee plans, labor organization plans, employer organization plans or employee benefit organization plans
 - Government programs that provide benefits for their own civilian employees or their dependents

Each contract or other arrangement for coverage described above is a separate plan. It's also important to note that for the purpose of this plan, we'll coordinate benefits for allowable medical expenses separately from allowable dental expenses, as separate plans.

Effect On Benefits

An important part of coordinating benefits is determining the order in which the plans provide benefits. One plan is responsible for providing benefits first. This is called the "primary" plan. The primary plan provides its full benefits as if there were no other plans involved. The other plans then become "secondary." When this plan is

secondary, it will reduce its benefits for each claim so that the benefits from all medical plans aren't more than the allowable medical expense for that claim and the benefits from all dental plans aren't more than the allowable dental expense for that claim.

We will coordinate benefits when you have other health care coverage that is primary over this plan. Coordination of benefits applies whether or not a claim is filed with the primary coverage.

Primary And Secondary Rules

Certain governmental plans, such as Medicaid, are always secondary by law. Except as required by law, Medicare supplement plans and other plans that don't coordinate benefits at all must pay as if they were primary.

A plan that doesn't have a COB provision that complies with this plan's rules is primary to this plan unless the rules of both plans make this plan primary. The exception is group coverage that supplements a package of benefits provided by the same group. Such coverage can be excess to the rest of that group's plan. An example is coverage paired with a closed panel plan to provide out-of-network benefits.

The first of the rules below to apply decides which plan is primary. If you have more than one secondary plan, the rules below also decide the order of the secondary plans to each other.

Non-Dependent Or Dependent The plan that doesn't cover you as a dependent is primary to a plan that does. However, if you have Medicare, and federal law makes Medicare secondary to your dependent coverage and primary to the plan that doesn't cover you as a dependent, then the order is reversed.

Dependent Children Unless a court decree states otherwise, the rules below apply:

- **Birthday rule** When the parents are married or living together, whether or not they were ever married, the plan of the parent whose birthday falls earlier in the year is primary. If both parents have the same birthday, the plan that has covered the parent the longest is primary.
- When the parents are divorced, separated or not living together, whether or not they were ever married:
 - If a court decree makes one parent responsible for the child's health care expenses or coverage, that plan is primary. This rule and the court decree rules below apply to plan years starting after the plan is given notice of the court decree.
 - If a court decree assigns one parent primary financial responsibility for the child but doesn't mention responsibility for health care expenses, the plan of the parent with financial responsibility is primary.
 - If a court decree makes both parents responsible for the child's health care expenses or coverage, the birthday rule determines which plan is primary.
 - If a court decree requires joint custody without making one parent responsible for the child's health care expenses or coverage, the birthday rule determines which plan is primary.
 - If there is no court decree allocating responsibility for the child's expenses or coverage, the rules below apply:
 - The plan covering the custodial parent, first
 - The plan covering the spouse of the custodial parent, second
 - The plan covering the non-custodial parent, third
 - The plan covering the spouse of the non-custodial parent, last
 - If a child is covered by individuals other than parents or stepparents, the above rules apply as if those individuals were the parents.

Retired Or Laid-Off Employee The plan that covers you as an active employee (an employee who is neither laid off nor retired) is primary to a plan covering you as a retired or laid-off employee. The same is true if you are covered as both a dependent of an active employee and a dependent of a retired or laid-off employee.

Continuation Coverage If you have coverage under COBRA or other continuation law, that coverage is secondary to coverage that isn't through COBRA or other continuation law.

Note: The retiree/layoff and continuation rules don't apply when both plans don't have the rule or when the "non-dependent or dependent" rule can decide which of the plans is primary.

Length Of Coverage The plan that covered you longer is primary to the plan that didn't cover you as long.

If none of the rules above apply, the plans must share the allowable expenses equally.

Right Of Recovery/Facility Of Payment

The plan has the right to recover any payments that are greater than those required by the coordination of benefits provisions from one or more of the following: the persons the plan paid or for whom the plan paid, providers of service, insurance companies, service plans or other organizations. If a payment that should have been made under this plan was made by another plan, the plan also has the right to pay directly to another plan any amount that the plan should have paid. Such payment will be considered a benefit under this plan and will meet the plan's obligations to the extent of that payment.

SUBROGATION AND REIMBURSEMENT

If the plan makes claims payment on your behalf for injury or illness for which another party is liable, or for which uninsured/underinsured motorist (UIM) or personal injury protection (PIP) insurance exists, the plan is entitled to be repaid for those payments out of any recovery from that liable party. The liable party is also known as the "third party" because it's a party other than you or the plan. This party includes a UIM carrier because it stands in the shoes of a third party tortfeasor and because the plan excludes coverage for such benefits.

Definitions The following terms have specific meanings in this section:

- **Subrogation** means we may collect, on behalf of the plan, directly from third parties to the extent the plan has paid on your behalf for illnesses or injury caused by the third party.
- **Reimbursement** means that you are obligated to repay any monies advanced by the plan from amounts received on your claim.
- **Restitution** means all equitable rights of recovery that the plan has to the monies advanced under your plan. Because the plan has paid for your illness or injuries, the plan is entitled to recover those expenses.

The plan is entitled to the proceeds of any settlement or judgment that results in a recovery from a third party, up to the amount of benefits the plan paid for the condition, whether or not you have been made whole for all your damages in the recoveries that you receive. The plan's right to recover exists regardless of whether it is based on subrogation, reimbursement or restitution. This right allows the plan to pursue any claim against any third party or insurer, whether or not you choose to pursue that claim. The plan's rights and priority are limited to the extent the plan has made or will make benefit payments for the injury or illness, but do extend to any costs that result from the enforcement of its rights.

The plan's first priority right of reimbursement will not be reduced due to a member's own negligence; or due to a member not being made whole; or due to attorney's fees and costs under the "common fund" or any other doctrine.

In recovering benefits provided on behalf of the plan, we may at the Group's election hire an attorney or have the plan be represented by your attorney. We will not pay for any legal costs incurred by you or on your behalf, and you will not be required to pay any portion of the costs incurred by the plan or the Group or on their behalf. If you retain an attorney or other agent to represent you in the matter, you must require that legal representative to reimburse the plan directly from the settlement or recovery. Before accepting any settlement on your claim against a third party, you or your legal representative must notify us in writing of any terms or conditions offered in a settlement, and you or your legal representative must notify the third party of the plan's interest in the settlement established by this provision. You also must cooperate with us in recovering amounts paid by the plan on your behalf. If you or your legal representative fail to cooperate fully with us in the recovery of benefits the plan has paid as described above, you are responsible for reimbursing the plan for such benefits.

You or your legal representative must, within 14 business days of receiving a request from the plan, provide all information and sign and return all documents necessary to exercise the plan's right under this provision.

To the extent that you recover from any available third party source, you agree to hold any recovered fund in trust or in a segregated account until the plan's subrogation and reimbursement rights are fully determined.

UNINSURED AND UNDERINSURED MOTORIST/PERSONAL INJURY PROTECTION COVERAGE

The plan has the right to be reimbursed for benefits provided, but only to the extent that benefits are also paid for such services and supplies under the terms of a motor vehicle uninsured motorist and/or underinsured motorist (UIM) policy, personal injury protection (PIP) or similar type of insurance or contract.

WHO IS ELIGIBLE FOR COVERAGE?

This section of your booklet describes who is eligible for coverage. The Group has the discretionary authority to determine your eligibility for benefits.

SUBSCRIBER ELIGIBILITY

To be a subscriber under this plan, an employee must meet all of the following requirements:

- Be an active full-time or part-time employee, owner, partner or corporate officer of a Premera company who is paid on a regular basis through their payroll system, and reported by the company for Social Security purposes; and regularly work a minimum of 20 hours per week

DEPENDENT ELIGIBILITY

To be a dependent under this plan, the family member must be:

- The lawful spouse of the subscriber, unless legally separated. ("Lawful spouse" means a legal union of two persons that was validly formed in any jurisdiction.)
- The Subscriber's state-registered domestic partner (as required by Washington state law) or if specifically included as eligible by the Group, the Subscriber's non-state registered domestic partner
- A dependent child who is under 26 years of age, except as provided for in the ***How Do I Continue Coverage? Continued Coverage For a Disabled Child*** provision. An eligible child is one of the following:
 - A natural offspring of either or both the subscriber or spouse;
 - A legally adopted child of either or both the subscriber or spouse;
 - A child placed with the subscriber for the purpose of legal adoption in accordance with state law. "Placed" for adoption means assumption and retention by the subscriber of a legal obligation for total or partial support of a child in anticipation of adoption of such child; or
 - A legal dependent of the subscriber or spouse. There must be a court order signed by a judge, which grants guardianship of the child to the subscriber or spouse as of a specific date. When the court order terminates or expires, the child is no longer an eligible child.
- A child for whom the subscriber or spouse is required by medical child support to provide health coverage.

When an employee and their spouse are both employed by a Premera Company, each employee must enroll as a subscriber under their own coverage. An employee may also enroll as a dependent under their spouse's coverage. However, the employee may not enroll only as a dependent and waive their coverage as a subscriber.

WHEN DOES COVERAGE BEGIN?

ENROLLMENT

Enrollment is timely when we receive the online application and required charges within 30 days of the date the employee becomes an "eligible employee" as defined in the ***Who Is Eligible For Coverage?*** section. When enrollment is timely, coverage begins on date of employment.

If we don't receive the online enrollment application within 30 days of the date you became eligible, none of the dates above apply. Please see ***Open Enrollment*** and ***Special Enrollment*** later in this section.

New Dependents Due To Marriage After The Subscriber's Effective Date

When we receive the completed online enrollment application and any required charges within 30 days after the marriage, coverage will become effective on the date of marriage. If we don't receive the online enrollment application within 30 days of marriage, see the ***Open Enrollment*** provision later in this section.

Newborn Children

- An enrollment application isn't required for natural newborn children when required charges being paid already include coverage for dependent children, but we may request additional information if necessary to establish eligibility of the dependent child. Coverage becomes effective for natural newborn children on the date of birth.
- When required charges being paid don't already include coverage for dependent children, a completed online enrollment application and any required charges must be submitted to us within 30 days following birth. Coverage becomes effective from the date of birth. If we don't receive the online enrollment application within 30 days of birth, see the ***Open Enrollment*** provision later in this section.

Adoptive Children

- An enrollment application isn't required for adoptive children placed with the subscriber when required charges being paid already include coverage for dependent children, but we may request additional information if necessary to establish eligibility of the dependent child. Coverage becomes effective for adoptive children on the date of placement with the subscriber.
- When required charges being paid don't already include coverage for dependent children, a completed online enrollment application and any required charges must be submitted to us within 30 days following the date of placement with the subscriber. Coverage becomes effective from the date of placement. If we don't receive the online enrollment application within 30 days of the date of placement with the subscriber, see the **Open Enrollment** provision later in this section.
- Dependent children under the age of 2 are exempt from enrolling in the dental plan. The subscriber may choose to enroll children under the age of 2 if enrolling within 30 days of the date of birth or adoption, or during the groups open enrollment.

Foster Children

To enroll a new foster child, we must get any payment needed, a filled out enrollment form, and a copy of the child's foster papers. We must get these items no more than 60 days after the date the subscriber became the child's foster parent. When we get these items on time, the plan will cover the child as of the first of the month after the date the subscriber became the child's foster parent. If we do not get the items on time, the child must wait for the Group's next open enrollment period to be enrolled.

Legal Guardianship

When we receive the completed online enrollment application, any required charges, and a copy of the guardianship papers within 30 days of the date legal guardianship began with the subscriber, coverage for an otherwise eligible child will begin on the date legal guardianship began. If we don't receive the online enrollment application within 30 days of the date legal guardianship began, see the **Open Enrollment** provision later in this section.

Medical Child Support Orders

When we receive the completed enrollment application within 30 days of the date of the medical child support order, coverage for an otherwise eligible child that is required under the order will become effective on the date of the order. Otherwise, coverage will become effective on the first of the pay period following the date we receive the application for coverage. The enrollment application may be submitted by the subscriber, the child's custodial parent, a state agency administering Medicaid or the state child support enforcement agency. When required charges being paid don't already include coverage for dependent children, such charges will begin from the child's effective date. Please contact your Group for detailed procedures.

SPECIAL ENROLLMENT

Involuntary Loss of Other Coverage

If you don't enroll in this plan or another plan sponsored by the Group when you are eligible because you aren't required to do so, you may later enroll in this plan outside of the annual open enrollment period if each of the following requirements is met:

- You were covered under group dental coverage or a dental insurance plan at the time coverage under the Group's plan is offered
- Your coverage under the other group dental coverage or dental insurance plan ended as a result of one of the following:
 - Loss of eligibility for coverage for reasons including, but not limited to legal separation, divorce, death, termination of employment, the, reduction in the number of hours of employment, or reaching a dental care plan's overall lifetime benefit maximum
 - Termination of employer contributions toward such coverage
- You were covered under COBRA at the time coverage under this plan was previously offered and COBRA coverage has been exhausted

An eligible employee who qualifies as stated above may also enroll all eligible dependents. When only an eligible dependent qualifies for special enrollment, but the eligible employee isn't enrolled in any of the Group's plans or is enrolled in a different plan sponsored by the Group, the employee is also allowed to enroll in this plan in order for the dependent to enroll.

We must receive the completed enrollment application and any required subscription charges from the Group within 60 days of the date such other coverage ended. When the 60-day time limit is met, coverage will start on the first of the month that next follows the last day of the other coverage.

Subscriber And Dependent Special Enrollment

An eligible employee and otherwise eligible dependents who previously elected not to enroll in any of the employer's group health plans when such coverage was previously offered, may enroll in this plan at the same time a newly acquired dependent is enrolled under **Enrollment** in the case of marriage, birth or adoption. The eligible employee may also choose to enroll without enrolling any eligible dependents.

OPEN ENROLLMENT

If you're not enrolled when you first become eligible, or as allowed under **Special Enrollment** above, you can't be enrolled until the Group's next open enrollment period. An open enrollment period occurs once a year unless otherwise agreed upon between the Group and us. During this period, eligible employees and their dependents can enroll for coverage under this plan.

If the Group offers multiple dental care plans and you are enrolled under one of the Group's other dental care plans, enrollment for coverage under this plan can only be made during the Group's open enrollment period.

CHANGES IN COVERAGE

The Group may change its terms, benefits and limitations at any time. Changes to this plan will apply as of the date the change becomes effective to all members and to eligible employees and dependents who become covered under this plan after the date the change becomes effective.

PLAN TRANSFERS

Subscribers (with their enrolled dependents) may be allowed to transfer to this dental plan from another dental plan offered by the Group. Transfers also occur if the Group replaces another dental plan with this plan. All transfers to this plan must occur during open enrollment or on another date set by the Group.

When this plan is updated or you transfer from the Group's other dental plan, and there's no lapse in your coverage, the following provisions that apply to this plan will be reduced to the extent they were satisfied and/or credited under the prior plan:

- Benefit maximums

WHEN WILL MY COVERAGE END?

EVENTS THAT END COVERAGE

Coverage will end without notice, except as specified under **Extended Benefits**, on the last day of the month in which one of these events occurs:

- For the subscriber and dependents when:
 - Employment terminates
 - The next required monthly charge for coverage isn't paid when due or within the grace period
 - The subscriber dies or is otherwise no longer eligible as a subscriber
- For a spouse when his or her marriage to the subscriber is annulled, or when he or she becomes legally separated or divorced from the subscriber
- For a child when he or she cannot meet the requirements for dependent coverage shown under the **Who Is Eligible For Coverage?** section.

The subscriber must promptly notify the Group when an enrolled family member is no longer eligible to be enrolled as a dependent under this plan.

PLAN TERMINATION

The Group is not required to keep the plan in force for any length of time. The Group reserves the right to change or terminate this plan, in whole or in part, at any time with no liability. Plan changes are made as described in "Changes In Coverage" in this booklet. If the plan were to be terminated, you would only have a right to benefits for covered care you receive before the plan's end date.

HOW DO I CONTINUE COVERAGE?

CONTINUED ELIGIBILITY FOR A DISABLED CHILD

Coverage may continue beyond the limiting age (shown under **Dependent Eligibility**) for a dependent child who can't support himself or herself because of a developmental or physical disability. The child will continue to be eligible if all the following are met:

- The child became disabled before reaching the limiting age
- The child is incapable of self-sustaining employment by reason of developmental disability or physical handicap and is chiefly dependent upon the subscriber for support and maintenance
- The subscriber is covered under this plan
- The child's required charges, if any, continue to be paid
- Within 30 days of the child reaching the limiting age, the subscriber furnishes the Group with a Request for Certification of Handicapped Dependent form. The Group must approve the request for certification for coverage to continue.
- The subscriber provides us with proof of the child's disability and dependent status when requested. Proof will not be requested more often than once a year after the 2-year period following the child's attainment of the limiting age.

LEAVE OF ABSENCE

Coverage for a subscriber and enrolled dependents may be continued for up to 180 days, or as otherwise required by law, when the employer grants the subscriber a leave of absence and subscription charges continue to be paid.

The leave of absence period counts toward the maximum COBRA continuation period, except as prohibited by the Family and Medical Leave Act of 1993.

LABOR DISPUTE

A subscriber may pay required charges through the Group to keep coverage in effect for up to 6 months in the event of suspension of compensation due to a lockout, strike, or other labor dispute.

The 6-month labor dispute period counts toward the maximum COBRA continuation period.

CONTINUATION UNDER USERRA

The Uniformed Services Employment And Reemployment Rights Act (USERRA) protects the job rights (including enrollment rights on employer-provided health care coverage) of individuals who voluntarily or involuntarily leave employment positions to undertake military service. If you leave your job to perform military service, you have the right to elect to continue existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military. Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are re-employed, generally without any waiting periods or exclusions (e.g. pre-existing condition exclusions) except for service-connected illnesses or injuries.

Contact your employer for information on USERRA rights and requirements. You may also contact the US Department of Labor at 866-4-USA-DOL or visit its website at www.dol.gov/vets. An online guide to USERRA can be viewed at www.dol.gov/elaws/userra.htm.

COBRA

When group coverage is lost because of a "qualifying event" shown below, federal laws and regulations known as "COBRA" require the Group to offer qualified members an election to continue their group coverage for a limited time. Under COBRA, a qualified member must apply for COBRA coverage within a certain time period and may also have to pay a monthly charge for it.

The plan will provide qualified members with COBRA coverage under this plan when COBRA's enrollment and payment requirements are met. But, coverage is provided only to the extent that COBRA requires and is subject to the other terms and limitations of this plan. The Group, **not us**, is responsible for all notifications and other duties assigned by COBRA to the "plan administrator" within COBRA's time limits.

The following summary of COBRA coverage is taken from COBRA. Members' rights to this coverage and obligations under COBRA automatically change with further amendments of COBRA by Congress or interpretations of COBRA by the courts and federal regulatory agencies.

Qualifying Events And Length Of Coverage

Please contact the Group immediately when one of the qualifying events highlighted below occurs. The continuation periods listed extend from the date of the qualifying event.

Note: Covered domestic partners and their children have the same rights to COBRA coverage as covered spouses and their children.

- The Group must offer the subscriber and covered dependents an election to continue coverage for up to 18 consecutive months if their coverage is lost because of 1 of 2 qualifying events:

- **The subscriber's work hours are reduced.**
- **The subscriber's employment terminates, except for discharge due to actions defined by the Group as gross misconduct.**

However, if one of the events listed above follows the covered employee's entitlement to Medicare by less than 18 months, the Group must offer the covered spouse and children an election to continue coverage for up to 36 months starting from the date of the Medicare entitlement.

- COBRA coverage can be extended if a member who lost coverage due to a reduction in hours or termination of employment is determined to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act at any time during the first 60 days of COBRA coverage. In such cases, all family members who elected COBRA may continue coverage for up to a total of 29 consecutive months from the date of the reduction in hours or termination.
- The Group must offer the covered spouse or children an election to continue coverage for up to 36 consecutive months if their coverage is lost because of 1 of 4 qualifying events:
 - **The subscriber dies.**
 - **The subscriber and spouse legally separate or divorce.**
 - **The subscriber becomes entitled to Medicare.**
 - **A child loses eligibility for dependent coverage.**

In addition, the occurrence of one of these events during the 18-month period described above can extend that period for a continuing dependent. This happens only if the event would have caused a similar dependent who was not on COBRA coverage to lose coverage under this plan. The extended period will end no later than 36 months from the date of the first qualifying event.

Conditions Of COBRA Coverage

For COBRA coverage to become effective, all of the requirements below must be met:

You Must Give Notice Of Some Qualifying Events

The plan will offer COBRA coverage only after the Group receives timely notice that a qualifying event has occurred.

The subscriber or affected dependent must notify the Group in the event of a divorce, legal separation, child's loss of eligibility as a dependent, or any second qualifying event which occurs within the 18-month period as described in **Qualifying Events and Lengths Of Coverage**. The subscriber or affected dependent must also notify the Group if the Social Security Administration determines that the subscriber or dependent was disabled on any of the first 60 days of COBRA coverage. You also have the right to appoint someone to give the Group this notice for you.

If the required notice is not given or is late, the qualified member loses the right to COBRA coverage.

Except as described below for disability notices, the subscriber or affected dependent has 60 days in which to give notice to the Group. The notice period starts on the date shown below.

- For determinations of disability, the notice period starts on the **later** of: 1) the date of the subscriber's termination or reduction in hours; 2) the date the qualified member would lose coverage as the result of one of these events; or 3) date of the disability determination. **Note: Determinations that a qualified member is disabled must be given to the Group before the 18-month continuation period ends. This means that the subscriber or qualified member might not have the full 60 days in which to give the notice.** Please include a copy of the determination with your notice to the Group.

Note: The subscriber or affected dependent must also notify the Group if a qualified member is deemed by the Social Security Administration to no longer be disabled. See **When COBRA Coverage Ends**.

- For the other events above, the 60-day notice period starts on the **later** of: 1) the date of the qualifying event, or 2) the date the qualified member would lose coverage as a result of the event.

Important Note: The Group must tell you where to direct your notice and any other procedures that you must follow. If the Group informs you of its notice procedures after the notice period start date above for your qualifying event, the notice period will not start until the date you are informed by the Group.

The Group must notify qualified members of their rights under COBRA. If the Group has named a third party as its plan administrator, the plan administrator is responsible to notify members on behalf of the group. In such cases, the Group has 30 days in which to notify its plan administrator of a subscriber's termination of employment, reduction in hours, death or Medicare entitlement. The plan administrator then has 14 days after it receives notice of a qualifying event from the Group (or from a qualified member as stated above) in which to notify qualified members of their COBRA rights.

If the Group itself is the plan administrator, it has more than 14 days in which to give notice for certain qualifying events. The Group must furnish the notice required because of a subscriber's termination of employment, reduction in hours, death or Medicare entitlement no later than 44 days after the **later** of 1) the date of the qualifying event, or 2) the date coverage would end in the absence of COBRA. For all other qualifying events, the 14-day notice time limit applies.

You Must Enroll And Pay On Time

- You must elect COBRA coverage no more than 60 days after the **later** of 1) the date coverage was to end because of the qualifying event, or 2) the date you were notified of your right to elect COBRA coverage. You may be eligible for a second COBRA election period if you qualify under section 201 of the Federal Trade Act of 2002. Please contact the Group or your bargaining representative for more information if you believe this may apply to you.

Each qualified member will have an independent right to elect COBRA coverage. Subscribers may elect COBRA coverage on behalf of their spouses, and parents may elect COBRA coverage on behalf of their children.

- You must send your first monthly payment to the Group no more than 45 days after the date you elected COBRA coverage.
- Subsequent monthly payments must be also be made to the Group.

Adding Family Members

Eligible family members may be added after the continuation period begins, but only as allowed under **Special Enrollment** or **Open Enrollment** in the **When Does Coverage Begin?** section. With one exception, family members added after COBRA begins aren't eligible for further coverage if they later have a qualifying event or if they are determined to be disabled as described under **Qualifying Events And Lengths Of Coverage** earlier in this COBRA section. The exception is that a child born to or placed for adoption with a covered employee while the covered employee is on COBRA has the same COBRA rights as family members on coverage at the time of the original qualifying event. The child will be covered for the duration of the covered employee's initial 18-month COBRA period, unless a second qualifying event occurs which extends the child's coverage. COBRA coverage is subject to all other terms and limitations of this plan.

Keep The Group Informed Of Address Changes

In order to protect your rights under COBRA, you should keep the Group informed of any address changes. It is a good idea to keep a copy, for your records, of any notices you send to the Group.

When COBRA Coverage Ends

COBRA coverage will end on the last day for which any charge required for it has been paid in the monthly period in which the first of the following occurs:

- The applicable continuation period expires.
- The next monthly charge isn't paid when due or within the 30-day COBRA grace period.
- When coverage is extended from 18 to 29 months due to disability (see **Qualifying Events and Lengths Of Coverage** in this section), COBRA coverage beyond 18 months ends if there's a final determination that a qualified member is no longer disabled under the Social Security Act. However, coverage won't end on the date shown above, but on the last day for which required charges have been paid in the first month that begins more than 30 days after the date of the determination. The subscriber or affected dependent must provide the Group with a copy of the Social Security Administration's determination within 30 days after the **later** of: 1) the

date of the determination, or 2) the date on which the subscriber or affected dependent was informed that this notice should be provided and given procedures to follow.

- You become covered under another group health care plan after the date you elect COBRA coverage. However, if the new plan contains an exclusion or limitation for a pre-existing condition, coverage doesn't end for this reason until the exclusion or limitation no longer applies.
- You become entitled to Medicare after the date you elect COBRA coverage.
- The Group ceases to offer group health care coverage to any employee.

Benefits

The benefit booklet tells you the terms and limitations of each benefit of this plan. You may have lower out-of-pocket costs if you use providers that have signed contracts with us. This booklet explains the provider networks, when applicable. It also tells how benefits are affected if members don't use these providers. Coverage for emergency care and care you receive outside Washington and Alaska or in Clark County, Washington, are also described. If you lose your benefit booklet, please contact us for a new one.

The percentage of the cost of the plan contributed by the employer and the employee is determined by the employer. Self-payments are also permitted; see the ***How Do I Continue Coverage*** section in this booklet.

The Group reserves the right to change or terminate its ERISA Plan in whole or in part, at any time, with no liability.

The Group will tell employees if its ERISA Plan is changed or terminated. If the ERISA Plan were to be terminated, members would have a right to benefits only for covered services received before the ERISA Plan's end date.

ERISA Plan Year

The ERISA Plan year ends on each December 31st.

WHAT ARE MY RIGHTS UNDER ERISA?

As participants in an employee welfare benefit plan, subscribers have certain rights and protections. This section of this plan explains those rights.

ERISA provides that all plan participants shall be entitled to:

- Examine without charge, at the ERISA Plan administrator's office and at other specified locations (such as work sites and union halls), all documents governing the ERISA Plan, including insurance contracts. If the ERISA Plan is required to file an annual report with the U.S. Department of Labor, plan participants shall be entitled to examine a copy of its latest annual report (Form 5500 Series) filed and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the ERISA Plan administrator, copies of documents governing the operation of the ERISA Plan, including insurance contracts and updated summary plan descriptions. If the ERISA Plan is required to file an annual report with the U.S. Department of Labor, plan participants shall be entitled to obtain copies of the latest annual report (Form 5500 Series). The administrator may make a reasonable charge for the copies.
- Receive a summary of the ERISA Plan's annual financial report, if ERISA requires the ERISA Plan to file an annual report. The ERISA Plan administrator for such plans is required by law to furnish each participant with a copy of this summary annual report.
- Continue dental care coverage for yourself, spouse or dependents if there's a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee welfare benefit plan. The people who operate your ERISA Plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. (The Group has delegated to us the discretionary authority to determine eligibility for benefits and to construe the terms used in the plan to the extent stated in our administrative services contract with the Group.) No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the ERISA Plan and don't receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the ERISA Plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the ERISA Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court.

If the ERISA Plan fiduciaries misuse the ERISA Plan's money, or if you're discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you're successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Note: Under ERISA, the ERISA Plan administrator is responsible for furnishing each participant and beneficiary with a copy of the summary plan description.

If you have any questions about your employee welfare benefit plan, you should contact the ERISA Plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the ERISA Plan administrator, you should contact either the:

- The Employee Benefits Security Administration, US Department of Labor, 300 Fifth Ave, Suite 1110, Seattle, WA 98104; or
- The Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Ave. N.W., Washington, D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration at 866-444-3272.

DEFINITIONS

The terms listed throughout this section have specific meanings under this plan. As part of the routine operation of this plan, we use our expertise and judgment to apply the terms of the contracts for making decisions in specific benefits, eligibility and claims situations. For example, we use the dental judgment and expertise of Dental Directors to determine whether claims for benefits meet the definitions below of “Dentally Necessary” or “Experimental/Investigational Services.” This does not prevent you from exercising rights you may have under applicable state or federal law to appeal or bring a civil challenge to any eligibility or benefit determinations.

Adverse Benefit Determination

An adverse benefit determination means a decision to deny, reduce, terminate or a failure to provide or to make payment, in whole or in part for services. This includes:

- A member's or applicant's eligibility to be or stay enrolled in this plan or health insurance coverage
- A limitation on otherwise covered benefits
- A clinical review decision
- A decision that a service is experimental, investigative, not medically or dentally necessary or appropriate, or not effective
- A decision related to compliance with protections against balance billing as defined by federal and state law

Benefit

What this plan provides for a covered service. The benefits you get are subject to this plan's cost-shares.

Benefit Booklet

Benefit booklet describes the benefits, limitations, exclusions, eligibility and other coverage provisions included in this plan and is part of the entire contract.

Claim

A request for payment from us according to the terms of this plan.

Comprehensive Oral Evaluation

Comprehensive oral evaluations include complete dental/medical history and general health assessment, complete thorough evaluation of extra-oral and intra-oral hard and soft tissue; the evaluation and recording of dental caries, missing or unerupted teeth, restoration, occlusal relationships, periodontal conditions (including periodontal charting), hard and soft tissue anomalies, and oral cancer screenings.

Congenital Anomaly

A marked difference from the normal structure of an infant's body part that's present from birth.

Contract

Contract describes the benefits, limitations, exclusions, eligibility and other coverage provisions included in this plan.

Copayment

The fixed dollar amount that is the member's responsibility to pay under the plan for each office visit or Covered Service. All Copayments are due at the time of visit or service.

Cost Share

The part of healthcare costs that you have to pay. These are deductibles, coinsurance, and copayments.

Covered Service

A dental service listed as covered in this booklet for which benefits are provided to members.

Dental Emergency

A dental condition manifesting itself by acute symptoms of sufficient severity, including severe pain or infection such that a prudent layperson, who possesses an average knowledge of health and dentistry, could reasonably expect the absence of immediate dental attention to result in: (1) placing the health of the individual, or with respect to a pregnant woman the health of the woman or her unborn child, in serious jeopardy; (2) serious impairment to bodily functions; or (3) serious dysfunction of any bodily organ or part.

Dentally Necessary

Those covered services that a dentist, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are:

- In accordance with generally accepted standards of dental practice
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease
- Not primarily for the convenience of the patient, dentist, or other dental care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease

For those purposes, "generally accepted standards of dental practice" means standards that are based on authoritative dental or scientific literature.

Dentist

A person licensed to practice dentistry in the state where treatment is provided.

Denturist

A person licensed to practice denturism in the state where treatment is provided. Benefits for Covered Services provided by a Denturist will be provided if (i) the service is within the lawful scope of the license, and (ii) the plan would have provided benefits if the Covered Service had been performed by a Dentist.

Effective Date

The date on which your coverage under this plan begins.

Endorsement

A document that is attached to and made a part of this contract. An endorsement changes the terms of the contract.

Enrollment Date

For the subscriber and eligible dependents who enroll when the subscriber is first eligible, the enrollment date is the subscriber's date of hire. There is one exception to this rule. If the subscriber was hired into a class of employees to which the Group doesn't provide coverage under this plan, but was later transferred to a class of employees to which the group does provide coverage under this plan, the enrollment date is the date the subscriber enters the eligible class of employees. (For example, the enrollment date for a seasonal employee who was made permanent after six months would be the date the employee started work as a permanent employee.). For subscribers who don't enroll when first eligible and for dependents added after the subscriber's coverage starts, the enrollment date is the effective date of coverage.

Experimental/Investigational Services

A service that is determined to be experimental or investigational. In determining whether services are Experimental or Investigational, the following will be considered:

- Whether the services are in general use in the dental community in the State of Washington;
- Whether the services are under continued scientific testing and research;
- Whether the services show a demonstrable benefit for a particular illness, disease, or condition; and
- Whether the services are proven safe and effective.
